

CIMARRON WOODS

Summer 2014 Newsletter

Fourth of July Family Parade

Friday, July 4th, we will hold our annual Cimarron Woods Family Parade. Have your family decorate your bikes, strollers, wagons, and other non-motorized transportation and join us at 10:00 a.m. in the woods along Cimarron Woods Drive for the start of the parade. We will end at the park to enjoy popsicles and root beer floats!

Have a fun and safe Independence Day! We hope that you will be considerate of your neighbors if you choose to display fireworks.

Please clean up the debris that is left after your celebration!

Firecracker Cupcakes

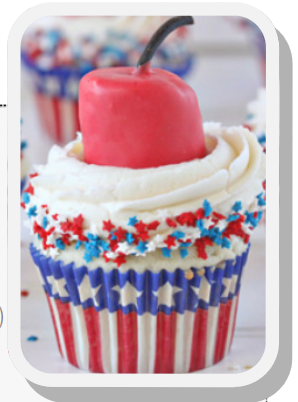

Prep time: 15 mins Total time: 15 mins
Serves: 24

Ingredients

- One black licorice wheel (or other black string licorice)
- 24 large marshmallows
- 12 oz red melting chocolate wafers
- 24 frosted cupcakes

Instructions

1. Unwind the licorice wheel and separate the two strands. Cut the licorice into pieces about an inch long.
2. Place the red melting chocolate wafers in a microwave-safe bowl. Microwave in 30-second increments, stirring after every 30 seconds to prevent overheating. Stir and heat until the wafers are melted and smooth.
3. Cover a baking sheet with waxed paper or parchment. Skewer a marshmallow with a toothpick, and dip it into the melted coating. If necessary, use a spoon to pour coating over the marshmallow to make sure that it's fully covered. Pull it out of the coating and let the excess drip back into the bowl.
4. Place the marshmallow on the baking sheet and gently twist the toothpick out of the top. While the coating is still wet, stick a piece of licorice into the hole in top of the marshmallow.
5. Repeat until all of the marshmallows have been dipped. Refrigerate the tray to set the coating completely, for about 10 minutes. Once set, stick a marshmallow firecracker into the top of a frosted cupcake, and serve!

PLEASE USE PET ETIQUETTE!

 Don't leave dogs out that are barking excessively.

 Clean up after their waste.
